“Biblical Manhood”

By: Dr. Francis Monseth

Biblical Manhood – Understanding the unique way in which we were created doesn't make us fully men. Getting married and having a family doesn't make us a man. Success in our businesses, achieving great wealth and power, receiving honor and praise by our peers—these are not the measure of real masculinity, biblical manhood. To be truly a man, biblically, we must commit ourselves with the will and the strength that only God can give us—to the pursuit of godliness. This is biblical manhood.

We believe

Every language should have John 3:16 at a minimum.

The Gospel is for all people.

Put simply, They Need the Bible.

A Team for every Language

We use innovative 21st century methods to build relationships with Bible-less people groups. Using available technologies, we can meet people from around the world, and organize passionate individuals into high performance teams through training and education.

National Language Resources

We also create Bible resources that encourage the growth of God's kingdom on a national level. This includes subtitles for Christian film, Bible Study materials, and the translation of Christian books and Study Bible notes.
